

## **EDITORIAL**

This is a special issue to honor Prof. Dr. BETTY SUE BREWSTER on the occasion of her retirement from Fuller Theological Seminary. Credits are due to Dr. Georgia Grimes Shaw and Dr. Jude Tiersma Watson who spent days coordinating and editing all the pieces that constitute this special issue. We also want to express our appreciations to all contributors who participated in this project paying tributes to Dr. Brewster and sharing with readers of GM-English in a unique “Green” way. Glory be to our Lord and gratitude to all the volunteers of GM-English and the contributors to this special issue.
