The release of this issue is on “**April Fools' Day**” – the week of Easter Sunday of 2016. We believe Christ’s resurrection (1Cor 15) is one of the cardinal doctrines and we are no fool; though seemingly foolish to the world. The Great Commission is given by our resurrected Lord with glory and authority. ‘Vulnerable Mission’ is one of the many ways and means to carry out the Great Commission. It might be controversial to some; yet we have chosen it as the theme for this issue with papers from Jim Harris and Jean Johnson to address it.
